

CONNECTING identities... **MOUTH TO MOUNTAIN**

...SATURDAY 9TH MAY 2009...DAWN TO DUSK... ...for one day only water will flow uphill in Geelong...

From first light at the mouth of the Barwon River to setting sun at the You Yangs, people of Geelong will carry water in a 54 kilometre relay - walking, cycling, kayaking, strolling, running...or simply taking a moment to reflect on the gift of water, the memory it holds, the connection it makes between people and places, and the future it creates. Discover artworks and songlines marking the journey through nine locations arriving at dusk for a celebration at Big Rock.

...prepare pathways and artworks in the weeks before...

...join in the journey on the day...

...make the connection...
