

Look for the RECHARGE Point™ Logo

The RECHARGE Scheme™ offers people who use an electric mobility scooter or wheelchair support to get out and about in their local community without the fear of being stranded by a flat battery.

You can recharge at any business that displays the RECHARGE Point™ logo.

This is possible through the generosity of local business and community organisations who provide free use of a power point to customers who use an electric mobility scooter or wheelchair to recharge their battery if required.

For further information about the RECHARGE Scheme™ please visit www.rechargescheme.org.au or contact City of Greater Geelong Building Inclusive Communities Program on 5272 5272

E: contactus@geelongcity.vic.gov.au

RECHARGING

RECHARGE Scheme Australia Ltd and the City partner with businesses to offer RECHARGE Points across the City of Greater Geelong.

BRINGING YOUR OWN CHARGER

If you have an off board charger you will need to bring it with you to the RECHARGE site.

The City provides further assistance to help you travel safely and independently around Geelong by:

- Undertaking regular path inspections
- Responding to requests to repair dangerous kerbs, broken concrete or uneven footpaths
- Removing overhanging branches
- Responding to complaints about parked cars or trailers blocking footpaths

Contact City of Greater Geelong

Call 5272 5272 to raise any of these safety concerns.

RECHARGE Point™ locations can also be found at www.rechargescheme.org.au
