

Parenting Services Map

The parenting services map has been developed to assist technical users and public in locating parenting services that may be available around. It is also a tool to assist with planning and future growth.

Layout

Using the Find Near Me widget

The Find Near Me widget allows you to find features within a buffer of a defined address or location and view detailed information about those features.

1. Click the Find Near Me widget icon to open it.

- Define the area you want to buffer by adjusting the slider to the desired kilometres.
- Search for an address in the search bar or enable locate on map  button to click a location on the map to define the location to be buffered. You can also define your search criteria

using the drop down

- Features found within the defined buffer for each layer are listed.

Approximate Distance: 0.69 km

All Saint's Playgroup

Address: 113 Noble Street, Newtown 3220 VIC
Website: [More info](#)
Email: office@allsaints.net.au
Phone: 5223 1118

Organisation: All Saints Anglican Church
Category: Playgroup

Description:
 All preschool children are welcome with their carer, mum, dad or grandparents. We provide a wide range of activities during individual playtime when children can find what they like to do including art and craft before morning teatime and afterwards we plan activities for the whole group including singing, movement and story time. Occasionally we have cooking, tennis and musical guests

Target Group:
 Families with pre-school children

Funding Source:

Information about the feature is shown on the **Information** tab.

Filter data widget

The Filter widget allows you to limit the visibility of features in a layer. Only the features that meet the expression criteria will be visible in the map.

Using the Filter data widget

You can apply multiple filters simultaneously or apply an individual filter to the map.

1. Click the Filter widget icon to open it.

2. Click the filter you specify to limit features on the map.

Notice that the toggle button turns on after the filter is applied. Click the filter button again to remove the filtering from the map. You can also turn the toggle button on and off to apply or remove the filter.

3. Choose a value from the drop down box to filter by Organisation, Category or suburb.

Example

To filter all **Family support** offered by **Bethany Community Support** in **Corio**

You can apply one or all the filters.

Please be sure to turn off the filters if you using other Widgets as the results will be affected the filter that may be already applied.

Query widget

The Query widget allows you find results based on any keywords.

1. Click the Query widget icon to open it.

Suppose the keyword NEW is used to query all the data. Only data with the word matching NEW is shown on the map.

View List of results and Export to Excel.

The Map results can be viewed as a list for ease of use and can also be exported to a CSV format.

1. Use the pull up button on the bottom of the map.

2. The list of all sites shown on the map will be listed below.
